King Saud University Ascending to the Country Needs and Community services

Prof. Ali Mohamed Masmali
Vice-Rector for Planning and Development,
King Saud University, Riyadh, Saudi Arabia

15th November 2021
Challenges

➢ King Saud University (KSU) aspires to play a major role in achieving Saudi Vision 2030 by building competitive competencies. KSU vision is “to be a world class university and a leader in building the knowledge society”

➢ The demands on educational and research institutes such as ours, expect us to broaden our horizons and attract knowledge and expertise from the global market.

➢ The state of the current global market is very performance driven, with competition amongst the elite very fierce.
Towards Excellence

Significant improvements of University Infrastructure, Research facilities and lab.

Establishment of state of arts Research Centres, Institutions and Research Chairs etc.
Publications Quality and Local, Regional and International Collaborations

Increasing high quality publications

KSU has a wide range of local, regional and international collaborations in multidisciplinary subjects.
KSU is stepping up for the community and world demands for Scientific Research in COVID-19

KSU is Leading Saudi Institutions and Arabic Institutions on the number of Research Papers in COVID-19
WHO cites KSU COVID-19 Research
